## ASHMOLEAN MUSEUM BROADWAY - FIRST MONTH OPEN

The Ashmolean Museum Broadway has been open to the public since 7 September and has had over 850 visitors through its doors so far! Each week numbers are increasing.

Thanks to all the support from the Volunteer Guide Team, the visitors are welcomed into the former 17th Century Coaching Inn. The displays and refurbished building explain the periods during which the property has been used, with the displays beginning with the 17th Century and then going on into the 21st century. The feedback from visitors shows that the visitor experience has greatly increased with the welcome and information from our team of Volunteer Guides. We now also have bookings coming in for group visits.

With this open as the first phase, the Ashmolean are now working on the additional objects which will be installed in Spring 2014. There are to be three more showcases on the top floor which will display William Morris and de Morgan tiles, as well as Winchcombe and Studio Pottery.

The website is now live! [www.ashmoleanbroadway.org](http://www.ashmoleanbroadway.org)

Volunteers are still needed to join our already great team! If you are interested, please email [housemanager@ashmoleanbroadway.org](mailto:housemanager@ashmoleanbroadway.org) or pop into the museum and leave your number and we will call you back.

We are also looking for people to join the team who can cover a day a week and open/close the museum. The pay will be £6.50 per hour for these roles. If you are interested then please email me at: [victoria.mcguiness@ashmus.ox.ac.uk](mailto:victoria.mcguiness@ashmus.ox.ac.uk)

Thanks to everyone locally for your support. We really appreciate it!

Victoria McGuiness

## BROADWAY STATION UPDATE

Over the summer work has continued on the construction of platform 2, and we are making steady progress. Our open evening was well-attended, refreshments were consumed and railway artifacts and a picture board showing the history of the station admired. We have received a large quantity of material from demolished bridges on the old railway line at the Mythe near Tewkesbury, and this is providing bricks for use in the platform build as well as hard core. A significant milestone has been passed with the granting of planning permission by Wychavon District Council for the station buildings. We are in discussions with the council regarding the conditions stipulated in the approval document, and are hopeful that work on the signal box foundations will begin soon.

With work progressing on the station preparations are being put in place for the track to be extended northwards. To this end the Gloucestershire Warwickshire Steam Railway (GWSR) has launched its 'Bridges to Broadway' share offer, with the aim of raising the half million pounds needed to repair the bridges between Laverton and Broadway. This offer qualifies under the Government Enterprise Investment Scheme (EIS) for tax relief of 30% (if you are an eligible tax-payer). Shareholders also qualify for travel concessions on the railway, depending on the number of shares held.

After the lean years resulting from the embankment problems the 2013 season has been very successful for the railway, with special events well-attended and passenger numbers reaching an all-time high. However, this success has landed us with a problem – we need more volunteers. An appeal has been launched and flyers distributed with the aim of attracting new volunteers, particularly for on-train catering and station staff.

Anyone interested in seeing for themselves what we are doing is welcome to come to the station on a Wednesday or a Saturday. We are always happy to explain what is going on both here at Broadway and on the railway in general. Further information can be gained by visiting [www.gwsr.com](http://www.gwsr.com) or phoning 01242 621405.

## AS ONE DOOR OPENS....

### THE DELI

Anyone who walks up and down the High Street regularly can't fail to have noticed that the attractive building known as St Patrick's has been empty for the last decade. But now Alan and Louise from the Deli have taken it over and are busy preparing for a move from their present premises near Russell's restaurant - in plenty of time for Christmas. They will have a greatly extended area in which to display their wonderfully tempting array of food and drink and will also be able to extend their very popular café area. They will also be taking over a lovely garden at the rear of the shop, which no doubt will be put to good use come next summer.

### NUMBER THIRTY-FIVE

As many of you know, it is with regret that we shall be closing down Number Thirty-Five. We would like to thank all our customers who have supported us over the years. The good news is that we shall still be stocking Sloggi underwear and Couture tights in our shop next door, Armstrongs, at number 33.

We look forward to seeing you again soon.  
From all the staff at Number Thirty-Five.

## BROADWAY PANTOMIME

Oh, no it isn't! Oh, yes it is! This year it's Dick Whittington! London's streets of gold are calling, and with his faithful cat Tommy by his side our hero Dick Whittington leaves Gloucester in search of his fortune. But he won't make it without your help!

So join Dick Whittington at the Lifford Hall on the evenings of Friday, 22nd & Saturday, 23rd November at 7.30p.m. and the matinee at 2.30p.m. on Sunday 24th as he embarks on his journey and cheer him along as he goes, 'boo' at the biggest pantomime baddie of all time, King Rat and 'aah' at the beautiful Alice.

Following on from last year's success, this year's all-time favourite panto has once again been re-written especially for the Broadway Players by the pantomime's Director, local lady Sue Magee. With a cast of over 20 local thespians, this year's all-singing, all-dancing extravaganza with lots of chances to join in is one panto not to be missed.

## NEW MINISTER FOR THE UNITED REFORMED CHURCH

The Revd. Kenneth Martin was appointed to be Minister of this Church on Sunday 22nd September. Both he and his wife Doreen come from Northern Ireland. Ken started his Christian life by doing evangelism work in Northern Ireland, Spain, Italy and India and then joined a boat to continue the work in Asia. After a short time in the Merchant Navy he married Doreen and then went to Jamaica as a Seafarers Chaplain, which was followed by a time in the Port of Antwerp, where their son James was born. Then followed 33 years as chaplain in the Port of Felixstowe. His wife is a nurse and midwife and has also served the Church in Northern Ireland and Zaire. The family are looking forward to a new chapter in their Christian life here in Broadway.

## COMPUTERS - LOVE'EM OR HATE 'EM?

(With apologies to our more PC readers)

No doubt you can all fill in the details, but the main points to remember when using a computer are generally something like this....

Reasons why computers are male:

- 1 You have to turn them on before they will do anything
- 2 They are full of facts, but lack common sense
- 3 They are meant to help you solve problems, but most of the time they are the problem
- 4 No sooner have you committed yourself to one than you realise that if you had just waited a bit, a better model would have come along.

Reasons why they are female:

- 1 Only their maker understands their internal logic
- 2 Only other computers understand the way they communicate
- 3 They have the ability to record every small mistake in long term memory for future retrieval
- 4 No sooner have you committed yourself to one than you have to spend a fortune on accessories

## BROADWAY LIBRARY UPDATE

A meeting was held on September 30 to discuss future plans for the Library. These will now go forward to a series of feasibility studies. You can keep up to date with what's happening by going to the Worcestershire county council website: [www.worcestershire.gov.uk/libraries](http://www.worcestershire.gov.uk/libraries)

## A BROADWAY VIEW NOT SEEN FOR OVER A HUNDRED YEARS

Unfortunately, a lovely sycamore tree outside St Eadburgha's church was condemned as unsafe and has had to be pollarded (had all its branches removed). The result is that the church can now be viewed from the North West. The trunk of the tree remains and new branches should begin to shoot in the spring. Michael Ayshford Sanford
